Dear Rakesh,

There is a new company in Honolulu called Hawaii Independent energy that has taken over bunker supply of IFO from Tesoro. You will note that there is no LS IFO (1.00%) available in Hawaii any more – this ended earlier this year.

For HSFO, it is certainly possible via barge either in port or at anchorage as coord closely w/agents. A rough indication from last Friday was the following:

RMG 380 (3.5%)  
2005 spec  
Price: \$690 MTD + \$905 BOOM CHARGE  
Price basis 500 mts; delivery to be coord w/ agent based on barge availability.

Note: Hawaii Independent Energy is typically offering 15 dod credit for companies that Tesoro used to provide credit for, I will check with them to ensure that they have credit established for Pacific Basin.
